# Partition Rectangles

How many color tiles cover this rectangle?

Make a row of color tiles on the rectangle.  
Trace around the square tiles.

How many squares? 3 squares

**Use color tiles to cover the rectangle.  
Trace around the square tiles. Write how many.**

# Equal Parts

You can divide a whole into equal parts.

2 equal parts

halves

3 equal parts

thirds

4 equal parts

fourths

Write how many equal parts there are in the whole.  
Write halves, thirds, or fourths to name the equal parts.

1.

# Show Equal Parts of a Whole

Trace to show the equal parts.

2 equal parts  
2 halves

3 equal parts  
3 thirds

4 equal parts  
4 fourths

Draw to show equal parts.

1. halves

2. thirds

3. halves

4. fourths

# Describe Equal Parts

One equal part of each shape is shaded.

A half of the shape is shaded.

A third of the shape is shaded.

A fourth of the shape is shaded.

**Draw to show halves.**  
**Color a half of the shape.**

1.

2.

**Draw to show fourths.**  
**Color a fourth of the shape.**

3.

# Problem Solving • Equal Shares

Two gardens are the same size. Each garden is divided into halves, but the gardens are divided differently. How might the gardens be divided?

## Unlock the Problem

<p><b>What do I need to find?</b></p> <p><u>how the gardens are</u> <u>divided</u></p>	<p><b>What information do I need to use?</b></p> <p>There are <u>2</u> gardens.</p> <p>Each garden is divided into <u>halves</u>.</p>
<p><b>Show how to solve the problem.</b></p> <div style="display: flex; justify-content: space-around; align-items: center;"> <div style="border: 1px solid black; width: 150px; height: 80px; position: relative;"> <span style="position: absolute; top: 50%; left: 50%; transform: translate(-50%, -50%); opacity: 0.5;"> </span> </div> <div style="border: 1px solid black; width: 150px; height: 80px; position: relative;"> <span style="position: absolute; top: 0; left: 0; opacity: 0.5;">-</span> </div> </div>	

## Draw to show your answer.

- Sophie has two pieces of paper that are the same size. She wants to divide each piece into fourths. What are two different ways she can divide the pieces of paper?
